#choosecollege

School-College classes are a valuable part of the curriculum.

We provide high quality senior phase vocational courses from Level 4 and above. They are intended to support young people like you get ready for employment and plan progression pathways onto full-time courses and university. They also build a network of support as you move between school and college and university.

Why choose a School-College course?

Wider choice of vocational courses

Use of industry standard technology/equipment

Raise awareness of progression opportunities

Student Cards

Access to Learning Resource Centres and printing

Use of restaurants and salons

Help with full-time college applications

More independent learning

Meet students from other schools with the same interests

Expand social life

Learn in an adult environment

“ Sometimes the smallest step in the right direction ends up being the biggest step of your life. ”

#choosecollege

Did you know?

Partnership working with our schools is very important and can only be achieved through the high quality learning and teaching which the college delivers.

Our School-College Partnership team meet regularly with our school partners to discuss the attendance and progress of each pupil to help support young people towards being successful on their college course.

All the partnership work which happens between the schools and the college is a contribution to the Developing the Young Workforce commitments. The ultimate aim is to close the attainment gap and reduce youth unemployment.

[#choosecollege](#)

Types of courses

Skills for Work (SfW)

Skills for Work courses focus on generic employability skills needed for success in the workplace. The courses offer learners opportunities to learn these skills through a variety of practical experiences that are linked to vocational areas.

National Progression Award (NPA)

NPAs are aimed at developing learners' knowledge and understanding and, where appropriate, practical experience of a given area of vocational education.

Scottish Vocational Qualification (SVQ)

Scottish Vocational Qualifications (SVQs) are based upon national standards and provide evidence that learners can do their jobs well. Studied in the workplace, in college or with training providers.

National Certificate (NC)

A National Certificate (NC) is sometimes suitable for students with no formal qualifications. They offer practical help in developing skills for work and can, in some instances, provide access to higher level programmes such as a Higher National Certificate (HNC) or Higher National Diploma (HND).

Foundation Apprenticeship (FA)

Foundation Apprenticeships are a work-based learning opportunity for senior-phase secondary school pupils. Lasting two years, pupils typically begin their Foundation Apprenticeship in S5. Young people spend time out of school at college or with a local employer, and complete the Foundation Apprenticeship alongside their other subjects like National 5s and Highers.

HNC (Higher National Certificate)

HNC courses provide the practical skills you need to do a job and the theoretical knowledge your employer will expect you to have. All the courses are made up of Higher National Units and usually take one year to complete.

City & Guilds

Awarding body which provides vocational qualifications. City & Guilds is recognised by employers worldwide for providing qualifications that offer proof of the skills they need to get the job done.

Scottish Qualifications Authority Units

Units that are taken from SQA but are not attached to a group award.

Course levels explained

Level 4

SCQF Level 4 (Access) qualifications are the equivalent to National 4 level within a school. Progression after completing a Level 4 course would be entry into a Level 5 course.

Level 5

SCQF Level 5 qualifications are the equivalent to National 5 level within a school. Progression after completing a Level 5 course would be entry into a Level 6 course

Level 6

SCQF Level 6 qualifications are the equivalent to Higher level within a school. Progression after completing a Level 6 course would be entry into a Level 7 course

Level 7

SCQF Level 7 (HNC) qualifications are the equivalent to Advanced Higher level within a school and also First Year of University. Progression after completing a Level 7 course would be entry into a Level 8 (HND) course or direct entry into Year 2 at University (depending on course).

HNC infill

These programmes are an opportunity for schools pupils to infill in to a fulltime HNC course as part of their school timetable. Attendance will be required over two full days a week.

Our Courses

Business and Computing

NPA Software Development (Level 4) Kilmarnock Campus

NPA Games Development (Level 5) Kilwinning Campus

Applications

We have developed the application process every year and endeavour to align the process as much with that of full-time courses where possible. All applications submitted require approval from the respective school before these can be processed. Once they are approved they will be processed in the same way as full-time applications with emails being issued to students to advise of the outcome of application.

Failure to submit an application before the deadline could result in you losing out on a place on the course due to the course being full.

When do applications open?

Applications for all School-College programmes open in the middle of January, allowing for the option processes taking place within schools. The applications close at the end of April and the selection process takes place within May. We aim to have all applications in and offers processed by the end of May. Any applications received after the closing date in April will only be considered if courses still have spaces after the selection process.

“ These placements provide the opportunity for young people to develop practical skills and knowledge within the workplace, ready to take the next step into their chosen career.”

Katrina McEwan,
Human Resources
Adviser at EGGER

FAQs

What do we do when an application is submitted?

When an application is submitted we will contact the relevant school for approval. The applicants who have been approved by the school will be moved onto the next stage.

How long is the wait between application and selection?

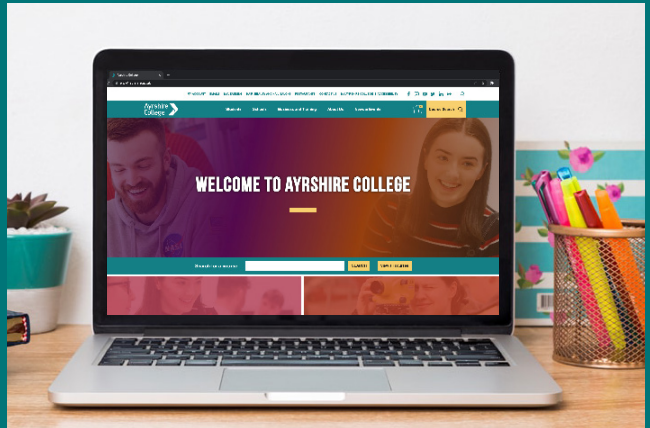

Applications can be submitted from January to the end of April. The process for selection will be communicated to your school.

If you have any questions regarding your application status you should approach your guidance teacher who will contact the college.

How to apply

A full list of courses can be found **here** at: <http://www1.ayrshire.ac.uk/schools/>.

Once the Schools homepage has been accessed there will be a full list of courses available and which campus they are available at.

Our short video on how to apply is coming soon, or **click here** for a step by step guide.

**Student
experience**

Here to support you...

The Student Experience Team at Ayrshire College is here to support you throughout your learning journey. We provide you with the right support at the right time.

Learning Resource Centre (LRC) is here to assist your studies at college. We do this by providing access to technology, resources and support.

email: lrc-ayr@ayrshire.ac.uk, lrc-kilmarnock@ayrshire.ac.uk,
lrc-kilwinning@ayrshire.ac.uk

Inclusive Learning is open to every student who may benefit from extra help or support during their studies either on an ongoing basis or at specific times.

email: inclusivelearning@ayrshire.ac.uk

Student Services provide information, support, advice and guidance to all students. During your time at college we can signpost you to college services such as: Funding, Inclusive Learning, College Liaison Officers, Counselling and more, in addition to external support agencies.

email: studentservices@ayrshire.ac.uk

School-College Partnership Officers

On the first day you attend college a School-College Partnership Officer based at your college campus will make themselves known to you, they will support you and liaise on your behalf between the College and your school.

They will regularly visit your school, providing attendance and progress reports, communicating any discipline issues and providing support if you choose to move onto further or higher education at Ayrshire College as a full-time student.

School-College Partnership Team Leader

kirsty.taylor@ayrshire.ac.uk | Mobile. 07923 162 450

Message to parents

The College's School-College Partnership Team is dedicated to ensuring that school pupils develop the relevant skills they need for the world of work. We aim to inform them as early as possible about the choices available to them to prepare themselves for the next stage of their life.

Although pupils study a specific qualification, they will also be developing essential skills such as confidence, communication, teamwork, and problem solving. These skills are essential to the jobs they are interested in and the wider world of work.

Lecturers will follow a planned teaching schedule, which you will be kept informed of through regular communication between the lecturer, School-College Partnership Team and the young person's school. You will also receive regular progress reports throughout the year.

Attendance at College is vital to ensure the pupil can successfully complete the course and is taken during every College class. Weekly attendance reports are sent to schools, and monthly attendance meetings take place between the College and each school.

“ Our Foundation Apprentices are having a fantastic experience, and I know it will help them decide if business is the career they want to get into. #StartHereGoAnywhere.”

Shelagh McLachlan,
Head of Marketing and Front of House, Ayrshire College

#choosecollege

Frequently Asked Questions

Who can apply for these courses?

The School-College courses are open to S4 to S6 pupils. Places are limited and there is a selection process that includes an application and interview (some courses require an aptitude test). Your guidance teacher will be able to assist you with this process.

You should:

- Be prepared to participate fully in the course.
- Be prepared to abide by Ayrshire College policies and code of conduct.
- Be interested in the course and have the entry requirements stated

When will I attend college?

You will attend College alongside, and as an equally important part of, your school studies. All dates, start and finish times are listed on the College website.

Attendance at College is vital to ensure you can successfully complete the course.

What kind of support will I get while at school and college?

At College there will be support from your lecturer. A feedback and review process to keep you on track will be supported by the School-College Partnership team. Where required, support will be available from the Inclusive Learning team to assist and mirror the support you receive at school. At school, you will get support from your guidance teacher and Skills Development Scotland advisor.

How do I travel to college?

You will agree travel arrangements with your school, ensuring that you arrive on time for your College class. You will not have to pay for your transport between school and the College campus.

How will I be assessed at college?

In vocational training programmes, students are assessed on their skills and knowledge of the areas covered in the course. There will be known points throughout the year that you will be assessed. Assessments vary depending on the course you have chosen.

How will I know how I am doing on the course?

Your lecturer will provide the School-College Partnership team and your school with regular formal tracking throughout the year. You will also be able to track and question your progress by speaking to your lecturer.

How will the course be certificated?

If the units within the course are Scottish Qualifications Authority units then these will appear on your SQA certificate along with your other subjects in school. If the units are from another awarding body, e.g. City and Guilds, these will be sent out separately to your home address.

Where can I find out more information?

For further information speak to your guidance teacher, a Skills Development Scotland Careers Advisor or the School-College Partnership team within Ayrshire College
